### A SPIRIT LONGING TO BE FREE.

Yet, I fain would die!  
To go through life, unloving and unloved;  
To feel that thirst and hunger of the soul  
We cannot still; that longing, that avild impulse,  
And struggle after something we have not,  
And cannot have; the effort to be strong;  
And, like the Spartan boy, to smile and smile,  
While secret wounds do bleed beneath our cloaks:  
All this the dead feel not—the dead alone!  
I envy them because they are at rest!  
Would I were with them!  
It cannot be too soon. My happiest day  
Will be that of my death. Oh, I am weary  
Of the bewildering masquerade of Life,  
Where strangers walk as friends, and friends as strangers;  
Where whispers overheard betray false hearts;  
And through the mazes of the crowd, we chase  
Some form of loveliness, that smiles and beckons,  
And cheats us with fair words, only to leave us,  
A mockery and a jest; maddened—confused—  
Not knowing friend from foe.

### THE STOLEN CHILD.

BY MRS. CAROLINE ORNE.

#### CHAPTER I.

I am glad at heart.  
To be so rid of the business.—Winter's Tale.  
It was a fine, clear afternoon in June, that the widow Benson, taking her foot-wheel and placing it in the shade of a large apple tree in full bloom, that grew in front of her dwelling, commenced her customary task of spinning linen thread. She cheered herself during her labor, by singing old ballads, of which her memory retained a good store. She had just finished the stanza, from Cherry-Chase,

"Earl Douglas on a milk-white steed,  
Most like a baron bold,  
Rode foremost of the company,  
Whose armor shone like gold."

when she was accosted by a man who seemed to be dragging, rather than leading, a little girl about four years old, who was so exhausted from fatigue as to be scarcely able to walk. The man who was coarse and repulsive in his person, carried a small wallet on his arm, and showed by the manner in which he addressed Mrs. Benson, that he was a travelling tinker; a class of people at that period somewhat numerous.

"Good day ma'am," said he, "have you any pewter ware that wants mending?"

"Well, I don't know as I have," she replied, stopping her wheel.

"If you have nothing for me to do, perhaps you will accept a present I want to make you."

"Well, I guess you are considerable generous, but it will depend in some measure upon the kind of present you wish to make me, whether I accept it or not."

"Well, I want to give you this little imp," said he, and he gave a pull at the child's arm, who was cowering behind him so as to bring her forward into a situation where Mrs. Benson could have a better view of her.

Marks of suffering were strongly visible in the child's person. She was extremely pale and so emaciated, that her eyes, which were of themselves very beautiful, appeared much too large for her face. She had no covering for her head, so that her complexion,

from exposure to the sun, had become nearly as dark as a mulatto's; while her hair, of a rich golden color and long, and abundant for a child of her age, fell down her neck in tangled masses. Her shoes which were so much worn as to very imperfectly shield her feet, as far as could be discovered through the dirt that discolored them, had, when new, consisted of rich brocade. Indeed, all her garments had originally been made of fine and costly materials, though they were now soiled and extremely ragged.

"Is the child yours?" said Mrs. Benson.

"To be sure it is. Do you suppose I would have given myself so much trouble with her if she did not belong to me? Her mother died in the Old Country, and I brought her over sea with me, but I have got tired of carrying her about from place to place. If you will take her she will soon be able to spin as well as you do."

Mrs. Benson, who did not exactly credit this account, questioned him very closely, and his answers, many of them were so confused that the suspicion that first flashed upon her mind when she observed that the child's apparel had originally been of the most costly kind, was thoroughly confirmed. She, however, from motives of prudence, locked her thoughts in her own bosom.

"Come here dear," said she, addressing the child, as she drew her chair back from her spinning-wheel, "and sit in my lap and rest yourself. You look tired."

She advanced a step or two, then suddenly checking herself, turned with an earnest and beseeching look toward the man said, "May I go?"

"Yes, go along," he replied, "I shall be glad to get rid of you," and he gave her a push, which considerably accelerated her speed.

With a frightened look she crept up close to Mrs. Benson, whose pity conquering the repugnance she felt at the idea of coming in contact with garments which had so long been unconscious of water, lifted her up into her lap, where in less than five minutes, through extreme weariness, she fell asleep. She looked at her as she slept, and thro' the squallor and wretchedness cleaving to her person, could discern vestiges of no common beauty.

"Well," said the tinker, after a silence of a few minutes, "will you take her or not?"

"I think I will take her," she replied.

"What is her name?"

"Midge, and if you want her to have any other, you may call her by your own.—The name of a traveling tinker will he no honor to her or you either."

He took up his wallet and prepared to depart.

"I shall be along this way again before long," said he, "and as I shall naturally want to see Midge, I will call."

To be continued.

The folks in Ireland turn up their noses at a honest corn meal. In this country, the Irish know the virtues of a Johnny cake, like a book.

SATURDAY, OCTOBER 3, 1846.

**LECTURES.**—We said a few words on this subject, the other day, and have been in hopes that some steps would have been taken, before this, to bring the matter before the public, in such a manner as to insure us an intellectual entertainment, during the winter. We can but reiterate all that we then said, and urge upon those who are in favor of the thing, to act at once, and make the necessary arrangements.

**IF** We understand that the pink stern vessel, which went to the wreck of the *Sutlej*, after the *Dusky Sally* left, has been identified, and measures are now being taken to investigate the whole affair. It is said that three bodies were found; but that the Captain *did not take them from the vessel*. He also found several chests, in one of which was a quantity of money, which he took charge of. We trust that he will be compelled to give an account of himself, and made to surrender all that he recovered; he should then be punished for his infamous conduct.

**IF** The Review of the First Brigade of Rhode Island Militia, took place day before yesterday, at Brown's, in Portsmouth.

**ORIGINAL STORY.**—We have in our possession, the MSS of an original story, which is admirably written, and of such an interesting nature, as will render it highly acceptable to those of our readers who always expect to find something to suit them on the first page of the paper. The scene is laid both in England and America, and the interest is well sustained, to the close. It will be completed in about three weeks from the commencement of the publication; our readers shall have it in a short time.

**IF** We refer our readers to Mr. Dean's advertisement, in another column.

**IF** The Street Commissioner is making some excellent and much-needed repairs on Thames street. The Military gentlemen who have to march in this street, will, no doubt, rejoice at this improvement; particularly those who occasionally visit here, from other places.

**IF** Mr. RICHARD L. OGDEN, Sntler in the U. S. Army, arrived here yesterday, direct from Camargo; he is in poor health, having been attacked with the fever in Mexico.

**IF** There was an alarm of fire on Thursday night, which called out the whole Fire Department; but we were unable to learn what caused it, as there was no fire. We suspect, however, that it was done by the yelling of unruly boys, who are always prowling about streets evenings, engaged in mischief.

**IF** The papers are all dull, and do not contain a single item of interesting news; so we are, therefore, compelled to draw on our imagination, for matter to fill up our columns, in a great measure. Never mind, we shall probably soon have an abundance that is exciting, from the seat of war.

**IF** The second story of the Custom House, Philadelphia, gave way under the pressure of 1200 sacks of salt, which came down into the cellar, a few days since. Several persons had a narrow escape.

**LATE NIBLO'S.**—The New York Express gives it as an *on dit* that the Rev. Courtlandt Van Rensselaer, one of the proprietors, has put a decided negative on the proposition to erect a theatre on the ground of Niblo's late saloon; intending on the contrary to erect a church there, at his own expense.

**EXTENSIVE FIRE DOWN EAST.**—A very destructive fire commenced on Tuesday forenoon in the woodlands of Mr. Clark, in the south-west part of Plymouth. It was still burning at the last accounts, and the fire had extended over a range of eight miles, and between one and two thousand cords of wood had been consumed. The fire took from a coal pit.

**THE ALBANY INSURANCE COMPANIES** have decided that henceforth they will charge an additional 10 cents on every \$100, where camphine or spirit gas is used.

**IF** Dull winter is coming; what shall we all do to amuse ourselves? Echo answers, *What?*

**LATER FROM MEXICO.**—We find the following intelligence from the camp, in the *Newark Daily Advertiser*, which, it says, is from the *New Orleans Courier*:—

NEW ORLEANS, Sept. 24, 10 1-2 o'clock.

I have just time to inform you that the captain of the *Telegraph*, who arrived from Brazos on Friday last, has just found a couple of mail bags on board his boat that he knew nothing of before, containing letters.

The report that Gen. Ampudia had arrived at Monterey is confirmed. Gen. Taylor arrived at Seralvo, and pushed on to Monterey. He expected to arrive before that place and open his fire on the morning of the 28th of this month. (Sept.) General Taylor's force was about 7,000. That of Ampudia, estimated by reports of spies, at from 5,000 to 8,000.

**INTERESTING FROM YUCATAN.**—An arrival from Matanzas brings no important news from that place, but reports the arrival of the brig *Gregorio* in eleven days from Sisal, bringing news from Yucatan to the 28th August, confirming that hitherto received. In a copy of the *Siglo XIX*, we find a decree of the Congress, declaring:—

1st. That Yucatan will continue in the same position of self-government, until by an acknowledgment by the general government of the inviolability of the treaties of 1843, she can with honor return to her allegiance.

2d. That Yucatan, convinced that General Santa Anna has given at various times proofs of his patriotism, and has promulgated the most liberal sentiments, recognizes him, and proclaims him as chief and director of the Mexican republic.

Upon the publication of this decree, a grand celebration was held in Merida, and General Basada was fêted by the people.

3d. That Yucatan recognizes and proclaims the *proclamations* of the city of Guadalajara, of the 20th of May.

**IF** The Rev. Mr. Blanchett was elevated to the Episcopal dignity in the Roman Catholic cathedral at Montreal, last week. He had been nominated at Rome for the office of Archbishop of Oregon. His title is "Archbishop of Walla-Walla." Seven dioceses are now formed in Oregon, and provisionally three prelates superintend them, the Archbishop and two Bishops.

**IF** An extraordinary religious revival has taken place in the Methodist Episcopal churches in Baltimore, during the past few weeks; upwards of two thousand have been added to their members.

**COPPER MINE.**—A Company has been formed in Boston for the purpose of working a copper mine in Cumberland, in this State. The mine was opened and worked before the Revolution, but was soon abandoned. About four thousand pound of ore was taken from the shaft last week, and the best of it yields as largely as 20 per cent of copper.

**IF** FOR CALIFORNIA.—The Californians, who were left behind, at New York, in consequence of the sudden departure of the expedition, are to sail immediately in a store-ship, and will probably arrive out as soon as their comrades.

**IF** The U. S. frigate *Cumberland*, at Boston, reports the wrecking, in October last, of a Russian government brig, on the coast of Kamtschatka with the loss of about 30 of the crew, and 15 out of 16 passengers.

**IF** The *Mirror of Fashion* says that ladies now wear straps to their pantelets, when they ride on horse-back!

**FIGHTING EACH OTHER.**—An arrival at St. Louis from Union Fort, states that the Indians are at war with each other in bands scattered all over the prairies. They are also attacking and robbing the traders, in all directions.

**IF** Marine List.—Port of Newport.

**MR. DEAN'S** fashionable Restoratory Thames st. a few doors north of the Post Office.

The subscriber respectfully informs the public that his Establishment is now in excellent order for the Winter campaign; the choicest oysters, from different beds, have been engaged, and no pains will be spared to suit the most fastidious taste. "With Fried, and Broiled, and Stewed and Roasted I'll serve the town." The choicest cigars, Pastry, Porter and Wines, with many other things, too numerous to mention, will be kept constantly on hand. Gentlemen, give me a call, and it will be your own fault, if you go away dissatisfied.

N. B. Oysters opened and sent to Families cheaper than at any other Establishment in Newport. We have adopted Crockett's motto, "To go ahead!" "knowing that a nimble sixpence beats the slow shilling." [Oct 2] W. DEAN.

**ON** Saturday afternoon, in Thames st., a Ladies' Head Ornament, with ribbons attached to it, and covered with mock stones. The finder will be suitably rewarded by leaving it at Mr Goff's, William street. sept 29

 The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.  
 It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.  
 Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

*An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Profusius, and Diseases of Women, without Medicines.*  
 THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Grison of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:  
 Middletown, June, 25th, 1813.  
 Dr. Boardman,  
 Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1835, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit.  
 Yours, &c. WM. RANNEY

 Middletown, June 25, 1813.

**Dr. Boardman,**  
 Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prostrated of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.  
 aug. 29th. STEPHEN BROOKS, JR.  
 Providence, Feb. 26, 1816.

**Doctor Boardman,**—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher,

# LORRAINE'S PILLS.

All persons require Pills.

DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The homogeneity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicine had failed. In act there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1813.

Sir: I have sold all the pills I had had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood. I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time. Yours respectfully,

J. E. F. MARSH.

Portland, Me., Nov. 7th, 1813.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised highly. I think we could have quite a number of highly respectful certificates from our citizens.

Yours respectfully, E. MASON.

Ches., Jan. 3d, 1814.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, W. M. HALSTAL.

OPINION OF A SKILFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as phytic, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done wonders within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.

# From the Brooklyn Daily Advertiser.

A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific, RADWAY'S CHINESE MEDICATED SOAP. Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, RADWAY'S CHINESE MEDICATED SOAP, she complied with our request, and in three days there was not a single spot, blemish, pimple or blotch left upon her skin, and her complexion is now as fair as the lily.

Ladies, secure without delay a cake of this estimable Soap, it will purify your skin, improve your complexion, and remove all disfigurements entirely from the surface of your system. Price 12-12 cents per cake. Sold in Newport by R. J. TAYLOR, Agent. Aug 7

# FAIRSTOCK'S VERMIFUGE.

ONE of the most safe and efficacious Worm medicines in use, a fresh supply of which is just received and for sale, at wholesale and retail, by the Agent for Newport.

R. R. HAZARD, Sign of the Golden Mortar, near the Court House. May 8 115

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all trouble and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Bartholick's Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to. DR. C. A. BARTHOLOIC, Office on the corner of Fitzmilling street, opposite the Co. Clerk's office, Rochester, N. Y.
